

Tezla LED Fire Rated Downlights

Tezla Fire Rated Downlights are designed to the highest standard to maintain the fire rating of your ceiling. These fittings are rated for 30/60/90 minutes with a 30 minute rating on I or Web Joist's. In addition to being fire rated, they are also dimmable and supplied with a CCT switch to change the output colour between 2700, 3000, 4000 and 6000K. This means each fitting can meet 8 possible variations. With an IP rating of IP65 from below, and a 5 year warranty, they are the ideal solution to maintain fire rating on your job.
